Librarian of Congress, at Washington, D. C.

INTRODUCTORY.

In issuing to the public the eleventh volume of the Fort Wayne City and Allen County Directory, the publishers have every confidence that the work will be appreciated more than ever before, no effort having been spared that experience and painstaking care could contribute to make it complete and reliable. Many new and valuable additions and improvements have been made, and all the information contained has been recently procured and corrected to the latest date. The first sixty pages are devoted to useful miscellaneous information relating to the city and county in general, which comprise a street guide, list of city and county officers, fire department, churches, schools, banks, railroads, justices of the peace, incorporated institutions, miscellaneous institutions and societies, newspapers, secret and benevolent societies, terms of court, etc., etc. Succeeding these are 467 pages containing an alphabetically arranged directory of all the inhabitants of the city, followed by 42 pages containing a list of all persons engaged in business, classified under their respective occupations.

Immediately succeeding this are 55 pages devoted to an alphabetical list and classified business directory of all persons in the towns of Antwerp, O, Auburn, Bluffton, Columbia City, Decatur, Huntington, Kendallville, Monroeville and New Haven, Ind. The remaining pages contain name, number of section, number of acres, assessed valuation of same, name of township and postoffice address of all farmers and postal address of all storekeepers, lawyers, physicians, clergymen, etc, in Allen county.

The publishers have much pleasure in being able to congratulate the citizens of Ft Wayne on a very marked increase in population during the past year. The '87 book contained 13,360 names, which, with the multiplier of three persons to one directory name (the lowest used in any city), gave a population of 40,080, in 1887. This edition contains 15,003 names, showing a population of 45,009, an increase of 4,929. This fact should be highly gratifying to the people of Fort Wayne, and is a tribute to the energy and enterprise of its citizens.

The publishers desire to express to the business and professional men of Fort Wayne their thanks for the liberal support accorded the work, and in conclusion would say that in the future they will be as unremitting in their efforts to please as in the past.

CAUTION.

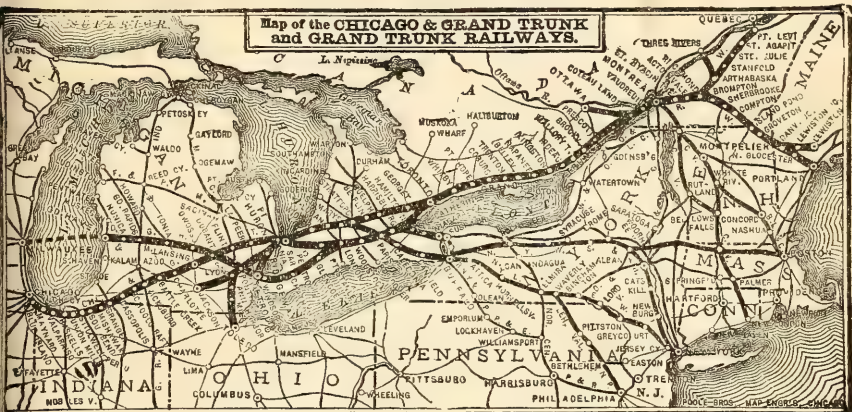

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance. **BEFORE SIGNING AN ORDER, SEE THAT IT HAS THE NAME OF R. L. POLK & CO. PRINTED THEREON.** We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

HUNTINGTON.

The judicial seat of Huntington county, is an important commercial and manufacturing city of 7,981 inhabitants, located on the Wabash river, and C. & A. and W., St. L. & P. Rys, 118 miles from Toledo, 105 from Indianapolis, and 318 from St. Louis. This, for its size, is the most progressive city in Northern Indiana, and has great natural wealth, consisting of immense limestone deposits, from which is manufactured a superior quality of lime. The C. & A. Ry. Co. have erected large repair shops and round house here, which give employment to a large number of hands. Each year brings about additions to the established manufactories here, and new factories are constantly being opened. The chief industries in manufacture now comprise flour mills, pump fac-

tory, brewery, stave works, saw mills, foundries, planing mills, cooper shop, flax bagging factory, bentwood works, handle factory, furniture factories, heading factory, plow works, several lime kilns, which employ from 700 to 1,000 men, and numerous others of minor importance. Several extensive grain elevators are in operation. The grain trade here has become one of great importance. Huntington was settled in 1833 by Gen. John Tipton, and was formerly known as Flint Springs. It is to-day a handsome town, supplied with all modern conveniences, such as gas works, telephone exchange, a well-equipped fire department, fine opera house with a seating capacity of 1,000, graded school buildings, several churches, excellent county buildings, substantial busi-

ness blocks, good hotels, and 3 banks, and is well lighted with electric lights. The press of Huntington is above the average, including the following papers: *Evening Herald* and *Evening Democrat*, issued daily, and the *Indiana Herald, Democrat* and *News-Express*, weekly sheets. The inducements to investing capital are of the most generous nature; new manufactories are locating here, the price of real estate is steadily increasing, and the future prosperity of Huntington is assured. A GREAT RAILWAY.
 ——— THE ———
CHICAGO, MILWAUKEE & ST. PAUL
RAILWAY COMPANY

Now Owns and Operates Over 5,600 Miles of Thoroughly Equipped Road in
ILLINOIS, WISCONSIN,
MINNESOTA, IOWA,
MISSOURI and DAKOTA.

Each recurring year its lines are extended in all directions to meet the necessities of the rapidly populating sections of country West, Northwest and Southwest of Chicago, and to furnish a market for the products of the Greatest Agricultural and Stock Raising Districts of the World.

In Illinois it operates 317 Miles of Track, in Wisconsin 1,332 Miles,
 in Iowa 1,556 Miles, in Minnesota 1,122 Miles,
 in Dakota 1,213 Miles, in Missouri 142 Miles.

And the end is not yet. It has terminals in such large cities as

Chicago, Milwaukee, La Crosse,
St. Paul, Minneapolis, Fargo,
Sioux City, Council Bluffs, Omaha,
Kansas City and St. Joseph, Mo.,

And along its lines are hundreds of large and small thriving cities, towns and villages. Manufacturing interests are cultivated, and all branches of trade find encouragement. The Railway Company has a just appreciation of the value of its patrons, and its magnificent earnings are the result of the good business tact which characterizes the management of its affairs.

The popularity of the line is attested by the fact that notwithstanding the strongest kind of competition of old and new lines, the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY continues to carry the greater portion of all the business between CHICAGO, MILWAUKEE, ST. PAUL and MINNEAPOLIS. It is the best patronized route to and from all points in WISCONSIN, MINNESOTA, DAKOTA and IOWA, and its KANSAS CITY AND ST. JOSEPH LINE will undoubtedly take equal rank with the older lines leading to and from the Southwest.

On all its through lines of travel the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY runs the most perfectly equipped trains of

Sleeping, Parlor and Dining Cars and Coaches.

The through trains on all its lines are systematically heated by steam. No effort is spared to furnish the best accommodations for the least money, and, in addition, patrons of the road are sure of courteous treatment from its employes.

OREGON

The great, new and flourishing State of Oregon offers to the immigrant more substantial inducements for settlement than any of the Eastern States, and to ignorance of its vast resources, the productive quality of its soil, and its mild, delightful climate, may be attributed the fact that so much of its area is still without cultivation. It is being rapidly filled up now, and a decade hence the value of its land and products will have more than doubled.

WASHINGTON TERRITORY

Lying next to Oregon, is also one of the most prolific sections in the Great Northwest, and it is a matter of no small significance that its yield of Wheat, Barley, Flax and Hops for 1885 was nearly double what it was in 1884, and that the products brought a much higher price.

Oregon and Washington are the only two sections in the United States which produced full crops for 1885. See Government statistics.

It Will Pay Every Progressive Farmer

To examine into the advantages of Oregon and Washington, and even if you have no thought of changing your home you should write to one of the undersigned for information, as you should not be ignorant of what this section can produce.

The **Oregon Railway & Navigation Company** furnishes facilities for reaching all portions of the country, and offers special low rates to immigrants. Write to
